IRON ON MEDIUM

SIZE TRANSITION

Style is undergoing sizing improvements in phases.

SUSTAINABLE COTTON

Banner is proud to be investing in more sustainable cotton farming.

PERSONALISATION

Our professionally designed ranges can be personalised with logos and trims to create the perfect look.

Whether you opt for the elegant tailoring of our suiting collection, the durable design of our traditional uniform collection or the cutting-edge, practical fashion seen in our performance and sportswear ranges, you'll be able to choose from a wide range of options.

EMBROIDERY

We offer embroidery artwork design, embroidered samples and visual design boards showcasing products with embroidery.

TRIM, CORDING & BRAIDING

Adding trim to garments offers that individual touch for those wanting to stand out. Options we offer include bound, taped, corded edges and inserted braid trim in a huge array of colours.

Adding stripe trim in one or two stripe options to the neck, cuffs, welt and stolling of all our knitwear provides added personalisation which can either complement or contrast with blazer and jacket trims.

STRIPES

LINING

Jacquard lining adds the quality finishing touch to many of our tailored blazer and suiting jackets. For a complete bespoke look, we also offer bespoke coloured lining options to suit your requirements.

Sustainability at Banner

Since our journey began, we've had a clear vision. We want every garment we produce to make a positive impact on our planet, the people we work with and the students who ultimately wear our products every day.

Our sustainability journey began in 2019 when we set about embracing our responsibility to do the right thing for our planet and future generations. We decided to transform our approach to sustainability and put these challenges right at the heart of our business, starting with our products.

Our six sustainability pillars

To help us achieve our sustainability goals, we've developed a very clear and holistic sustainability strategy built on six key pillars.

Fast forward to today and we're now proud to offer our customers the biggest and broadest range of schoolwear and sportswear that's responsibly sourced and manufactured with sustainable materials.

1

Supply Chain

We ensure the overseas supplier factories producing our brochure stock are all Sedex members and audited to ensure compliance with Sedex 4 Pillar / SMETA Audits, which includes extended business ethics and environmental measures.

2

Environment

We're focused on reducing our environmental footprint and maintaining our carbon-neutral status. We're also working with our supplier factories to reduce water consumption, waste and conserve energy.

3

Product

We design and source the best products sustainably and have launched a full range of innovative eco products made from recycled polyester and biodegradable viscose.

In September 2021, we joined the Better Cotton initiative to improve global cotton production for people, the environment, and the industry's future. Better Cotton aims to enhance cotton communities and preserve the environment, using a mass balance system for sourcing that isn't directly traceable to end products.

Our goal is to source 50% of our cotton as Better Cotton by 2025. As of December 31, 2022, we've achieved 21.52% Better Cotton uptake, while also conserving 126,842,100 liters of water and preventing 77 kg of pesticides.

This coming year, 75% of our product range will be produced using sustainable fabrics, meaning we are even closer to our goal of offering a 100% Eco product range by 2025!

4

Community

We're giving back to local community projects and charities with fundraising and our Gift of Time volunteering programme for employees.

We are also proud to launch our own charity – Banner Foundation. Inspiring projects that support children from all backgrounds to thrive and prosper. Visit bannerfoundation.org.uk for more information.

5

Customer

We actively engage with our customers to get their views on eco issues, as well as record and act on their feedback to shape our future strategy and green initiatives. We're also supporting their sustainability journey and delivering a faultless service.

6

People

We ensure our employees' voices are heard through an annual engagement survey and "pulse" surveys to ensure they feel "safe, supported and understood" and also through a structured programme of well-being, mental health support and engagement activities.

Setting the standard in ethical sourcing.

We're confident we've developed the most sustainable and ethical supply chain in our industry, backed up by strong independent accreditations. Since 2006, we've been a member of Sedex (Supplier Ethical Data Exchange), one of the world's leading ethical trade service providers, as part of our commitment to improving the working conditions in global supply chains.

Our Environment

The environment and low carbon principles are a huge focus of our sustainability strategy. And while we've achieved a lot so far, we intend to go bigger, better and bolder with our environmental commitments, investing in projects that reduce our emissions and reduce or eliminate any detrimental impact on biodiversity.

Simply scan the QR code to view the report.

Our work so far has resulted in us becoming the first UK schoolwear supplier to set Sedex 4-Pillar as the minimum audit standard for all our suppliers to comply with. This means all our suppliers are independently assessed to the highest requirements in crucial areas such as fair pay, labour standards, health & safety, business ethics and environmental impact.

We're continually working to improve all aspects of our environmental and social responsibility, minimising the impacts of our operations on the planet, while at the same time optimising the benefits of what we do for our people and the people we work with. It's why we're recognised as the schoolwear supplier that's leading the way in sustainability.

To find out more about our social and environmental performance and commitments, download our latest sustainability report at **[banner.co.uk](https://www.banner.co.uk)**.

What we've achieved...

Best bits!

Our best bits from 2022!

With the launch of our third annual impact report, we're celebrating some of our standout achievements from 2022!

For our business in 2022.

75%

Of our suppliers have successfully completed both 2 & 4-pillar SMETA audits.

+71
NPS

A great customer satisfaction score for the service year.

Triple Gold

UN Climate Neutral Now certified achievement level for 2022.

This coming year

75%

of our product range will be produced using sustainable fabrics, meaning we are even closer to our goal of offering a 100% Eco product range by 2025

Better Business Act!

We changed our company articles of association to recognise that we now operate for people, planet and community and committed to support the Better Business Act.

[betterbusinessact.org](https://www.betterbusinessact.org)

This is just a snippet of the amazing things achieved in 2022 at the Banner Group. Read more of the above and much more in our 2022 interactive sustainability report. Visit [banner.co.uk](https://www.banner.co.uk) or scan the QR code.
